

## **ENCA-U3C1**

### **SuperSpeed USB 3.0 Cable**

ENCA-U3C1 provides high quality, performance and reliability for your high speed applications and it is also backward compatible with USB 2.0/1.1. ENCA-U3C1 provides 10 times data transfer speed than USB 2.0. It supports data transfer rate of up to 4.8 Gbps. Full-duplex data transfers and support for new transfer types.

New power management features include increased maximum bus power and increased device current draw to better accommodate power-hungry devices.

ENCA-U3C1 is a cable with Type A male to Type B male connectors, ideal for portable hard drives, external devices such as DVD burners, scanners, printers and many other ones.

**Note:**

Maximum data transfer rate derived from USB 3.0 specifications. Actual data throughput will vary based on computer configuration.

## Features and Benefits

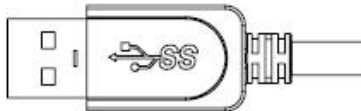

- Less file transfer time
- More efficient power usage
- Better device stability with increased power output
- Backward compatible with USB 2.0/1.1 host with type A ports
- Type A male to Type B male, 6 ft. (1.8m)

## Specification

Connector Type	USB Type A male to Type B male
Data Transfer Rate	up to 4.8 Gbps
Cable Length	6 ft. (1.8 m.)

## Application

### Type A Male

### Type B Male

## Package Content

- ENCA-U3C1
