

ENMUS

Portable USB Notebook Speaker

Encore's ENMUS Portable USB Notebook Speaker with a built-in power amplifier provides clear and high quality digital audio sound. It's a pure Plug and play device making it quick and easy to install to your PC or Mac, no software driver needed. ENMUS uses only one cable to plug into your computer using the USB port compare to the multiple cables the regular computer audio system use. The ENMUS is USB bus powered, no external power source needed as well as no batteries or additional cables required. ENMUS is equipped with the exceptional clip design to let you clip-in to laptop screen or plain desktop. It is also equipped with the Smart loop-and-clip cable storage design to save space and easy to carry. Turn speaker volume via multi-media player software.
